775-1183

Congressman Frank M. Clark has forwarded your Form 57 to us with a letter explaining your interest in an assignment overseas.

We are glad to know of your interest in our work and appreciate your offer to serve as a member of our organization. Before considering your application further, however, we want to clarify the possibilities of an overseas assignment for you. Our experience has demonstrated the importance of providing thorough training and orientation of new employees through their initial assignment to our headquarters in Washington, D. C. Also, our overseas requirements are met through the rotational assignment of careerists in our service who are subject to assignment in this country or overseas as required by our staffing needs. Consequently, we do not recruit personnel to fill specific vacancies abroad but to fill general requirements in the class of positions involved.

Since we are uncertain whether you would be interested in employment in Washington, D. C. with the prospect that there might later be an assignment overseas for you--and this is a development which would depend on many variables--we have not explored the possibilities of an opening for you. However, if you would be interested in such consideration, please let us know and we shall bring your file to the attention of appropriate officials. We want to thank you for your interest in our service and shall look forward to hearing further from you.

Sincerely,

E. D. Echoles
